# AI Interpreter for On-Demand

AI when it fits. Human when it counts.

Expand access with AI that's fast, secure, and built for control, all within the Boostlingo On-Demand platform.
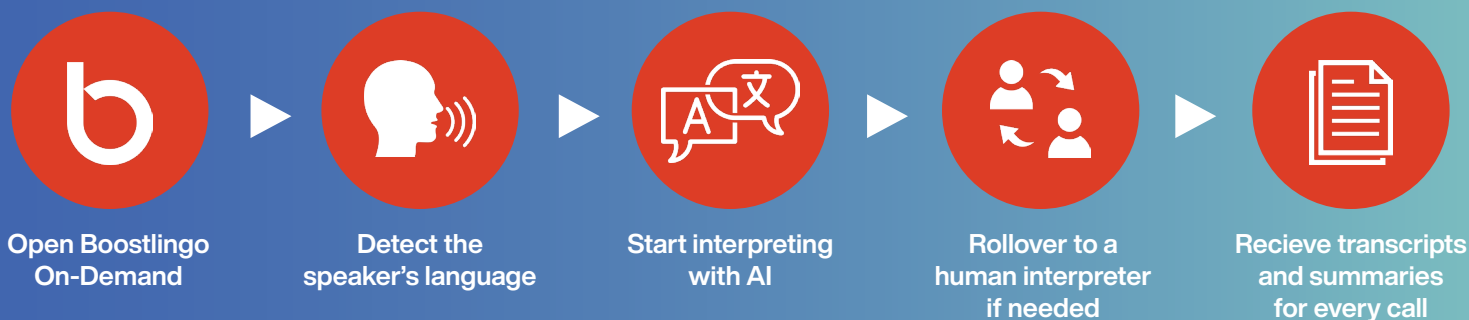

Why teams choose Boostlingo

- **Hybrid Interpreting**
  Start in AI mode for routine moments, and roll over to human interpreters with one tap, ensuring uninterrupted, safe conversations every time

- **Built for Your Control**
  Control how AI is used across your organization. Configure by user role or use case. Manage audit logs, consent, and recording preferences for full compliance.

- **Proven Quality**
  Powered by advanced speech-to-speech AI and human tuning, our model achieves a high accuracy rate that exceeds industry standards.

- **Trust and Transparency**
  Supports HIPAA and SOC 2 compliance standards. Aligns with the SAFE-AI Task Force AI Framework to ensure fairness, privacy, and ethical AI use.

Key Facts: 23 AI languages | 56 for language detection
24/7 availability | HIPAA | 10% Savings

Hello, I am your AI Interpreter!

Hola, ¡soy su intérprete por IA!

English > Spanish
00:00:09

Tap to interrupt

How it works

Open Boostlingo On-Demand ▶ **Detect the speaker's language** ▶ **Start interpreting with AI** ▶ **Rollover to a human interpreter if needed** ▶ **Recieve transcripts and summaries for every call**
