ASBO International and GOVMVMT Partner in K–12 Cooperative Purchasing

Ashburn, VA — December 13, 2022. ASBO International is pleased to announce its partnership with GOVMVMT, a not-for-profit cooperative purchasing program that helps U.S. school districts save time and money while supporting public education and the greater community.

As ASBO’s purchasing cooperative, GOVMVMT will provide ASBO members with a powerful, streamlined procurement tool designed specifically to meet their school systems’ needs while ensuring they comply with local, state, and federal procurement requirements.

GOVMVMT is a program of the nonprofit Innovative Government Services Association (IGSA). GOVMVMT is designed to provide competitively bid contracts to public and non-profit agencies and to deliver value-added programs and services while reinvesting fees generated from their programs back into the community.

“The ASBO International Board is impressed with GOVMVMT’s commitment to ethical standards, focus on value to ASBO members and the public, and low administrative fees for suppliers,” according to David Lewis, ASBO International executive director.

Nancy Parrish, IGSA board chair, says of the partnership: “We are thrilled to partner with ASBO International to support K-12 school districts in accessing publicly bid contracts that offer best in class products and services at the lowest prices from top-tier suppliers.”

About ASBO International

The Association of School Business Officials International (ASBO) provides programs, resources, services, and a global network to school business professionals who are the finance and operations decision makers in school systems. Our members manage school budgeting, purchasing, facility operations and maintenance, human resources, technology, transportation, food service, healthcare, and other areas of education administration and operations. ASBO International promotes the highest standards of school business management, professional growth, and the effective use of educational resources.

About GOVMVMT

GOVMVMT is a national public procurement cooperative founded on one basic principle: creating a true, not-for-profit, public-focused program that is centered around providing dependable programs and services with the public's interest at the forefront of everything we do.

About IGSA

Innovative Government Services Association (IGSA) was founded in 2020 to develop and implement programs and services that benefit state and local governments, public schools and universities, special districts and nonprofits. IGSA looks for opportunities to facilitate public and private sector collaboration in ways that best serve constituent needs and effectively use taxpayer dollars.

Our programs and services are designed to facilitate cooperation, benefit from economies of scale, and give back to the communities we live and work in.
