## A Non-Profit Public Purchasing Program

### About GOVMVMT

GOVMVMT was founded around one basic principle: creating a true, not-for-profit, public-focused program that is centered around providing dependable programs and services. GOVMVMT is reinventing cooperative purchasing that assures legitimate public agency bidding, conforms to the highest public procurement standards, and is validated by certified public procurement professionals.

### What They Do

We help combine the purchasing power of public agencies from across the country into contracts that are competitively solicited, evaluated, and awarded by a lead public agency. GOVMVMT's solicitations are based on public agency feedback that is gathered to identify opportunities to address traditionally challenging contracts or to provide efficiency through volumes of scale.

### Who They Serve

GOVMVMT provides a credible, collaborative environment where public agencies and top-tier suppliers can work together to provide quality offerings for a true public benefit. ASBO International and GOVMVMT have formed an exclusive partnership to offer publicly bid contracts that conform to the highest public procurement standards that are validated by certified public procurement professionals to their members.
