Club Car Connect for Golf Fleet

The Product Family

Club Car continues to be the market leader in the Connectivity space providing highest quality hardware, innovative software solutions, and unmatched service & support. Club Car is excited to announce the 2023 Fleet Golf Connectivity offering which includes a newly designed, industry leading 10" Touchscreen monitor (Vehicle Display Unit) and a new, next generation Visage Fleet Management Software suite accessible via web and mobile platforms.

Updated program pricing for Visage Hardware and Fleet Management software modules is outlined within each of our four course acquisition models:

1. Purchase (Lease)
2. Rental
3. Contract Extension
4. Cash Purchase

All 2023 Tempo Fleet Golf 2 passenger vehicles (FLA, Gas, and Li-ion) can be ordered with connectivity solutions.

Visage:

1. Purchase (Lease) Model

Purchase (Lease): – Course acquires Vehicle Display Unit (VDU) via purchase (lease) through distribution

Club Car Connect for Commercial Fleet

The Product Family

Club Car Connect for Commercial vehicles is our best in class golf and utility cars with integrated technology that reduces operating costs and mitigates risk. This program has been implemented at over 1,500 golf courses in 50 countries. In 2019 we launched the commercial edition of Club Car Connect which still delivers the same impressive results and has additional fleet and employee management features designed for a wide range of commercial applications.

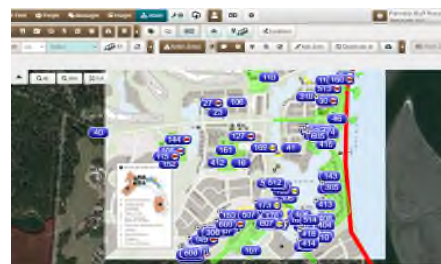

The program consists of one proprietary, built for purpose screen option and a non-screen GPS option. The supporting software features include a base package of modules and an optional add-on module so that you can select the features that meet your organization's needs.

XLT 10.2" Screen Unit

FT+ Screen-less Unit

Both GPS unit options are primarily a field install options meaning the vehicles would be ordered as normal and all the units and install hardware would be shipped and installed on-site (customer site or dealer site.)
